1. Transport for NSW Clearway Data

This document describes the Transport for NSW Clearway data.

1.1. Introduction

This dataset contains shapefiles for known clearways, bus lanes and transit lanes within Sydney Region. The dataset may not be complete.

This dataset is not precise or accurate from a position point of view. Data updates have concentrated on Clearways – not Transit Lane or Bus Lane Hour information.

1.2. Data Fields

Field Name	Data Type	Description
DIRECTION	String	Cardinal direction of travel
PEAK	String	Peak traffic period
TRANSIT_LA	String	Transit Lane (T2, T3 etc)
BUS_LANE_H	String	Bus Lanes hours
CLEARWAY_H	String	Clearway hours
LINK_ID	String	CMCS links
STREET_NAM	String	Street name
SUBURB	String	Suburb name
PUBLIC_HOL	String	Public holidays
SHAPE_LEN	Double	Individual polyline length in metres
