Acknowledgement of Country

Transport for NSW acknowledges the traditional custodians of the land on which we work and live.

We pay our respects to Elders past and present and celebrate the diversity of Aboriginal people and their ongoing cultures and connections to the lands and waters of NSW.

Many of the transport routes we use today – from rail lines, to roads, to water crossings – follow the traditional Songlines, trade routes and ceremonial paths in Country that our nation's First Peoples followed for tens of thousands of years.

Transport for NSW is committed to honouring Aboriginal peoples' cultural and spiritual connections to the lands, waters and seas and their rich contribution to society.

1. Dataset Overview

NSW Boat Ramp provides ability to browse and search for available boat ramps located across NSW waterways. The map provides the locations of the boat ramps along with details such as the responsible authority, ramp condition, contact details and the different facilities (e.g. toilets, fuel, BBQ facilities, etc.) that are available at each boat ramp. Response is available in csv, Geojson, KML and SHP format.

The information displayed in the Boat ramps map is available as a dataset and searchable API for use by public and industry.

- ## 1.1 Custodian

  Spatial Information, Maritime, Transport for NSW mapping.maritime@transport.nsw.gov.au

  ## 1.2 Data quality and suitability

- ### 1.2.1 Dataset Overview

  This data is not intended to be used for navigational purposes. Although every effort has been made to ensure the quality of the data, Transport for NSW cannot guarantee the accuracy of the data and does not accept responsibility for any consequences arising from its use

  ### 1.2.2 Geographic detail.

  Data covers the following geographic area(s): State.

Data is available at the following levels of geography: Locality (Suburb), Postcode, Street Address, Waterway Name

- ### 1.2.2 Reference period

  Period for which the data was obtained: 01/01/2006 – ongoing.

- ### 1.2.4 Timing

  Updates and revisions: If errors are identified data is revised and the revision is publicised. The data became available (i.e. released or published) in September 2017.

2   Dataset Description

2.1 NSW Boat Ramps

This table provides information relating to the geographical location of each boat ramp including a description of the boat ramp along with the facilities that are provided at each location.

Table Name:	NSW Boat Ramps		

Variable name	Data Type	Value Definition	Domain Values
THE_GEOM	Geometry	WGS84 Point Geometry	
BOAT_RAMP_ID	Number	Unique boat ramp ID	
BOAT_RAMP_NAME	String	Name of the boat ramp	
ASSET_OWNER	String	Authority responsible for managing and maintaining the boat ramp, typically the local council.	
CAR_TRAILER_SPACE	String	Number of car and/or trailer spaces that are available for use at or near the boat ramp. 'Unconfirmed' indicates that this information is currently unavailable. 'Informal' means there are no marked parking spaces.	
CONDITION	String	The last recorded condition of the boat ramp.	Refer to 3.1
CONSTRUCTION_MATERIAL	String	Construction material of the boat ramp.	Refer to 3.2
CONTACT_NUMBER	String	The contact number of the authority responsible for managing the boat ramp.	

HAS_BBQ	Boolean	Indicates whether BBQ facilities are available at or near the boat ramp. 0: No 1: Yes	
HAS_FISH_CLEAN_TABLE	Boolean	Indicates whether fish cleaning tables are available at or near the boat ramp. 0: No 1: Yes	
HAS_FUEL	Boolean	Indicates whether a fuel refilling station is available at or near the boat ramp. 0: No 1: Yes	
HAS_KIOSK	Boolean	Indicates whether a kiosk is present at or near the boat ramp. 0: No 1: Yes	
HAS_LIGHTING	Boolean	Indicates whether lighting is present at the boat ramp. 0: No 1: Yes	
HAS_PONTOON_NEARBY	Boolean	Indicates whether a pontoon is in the vicinity of the boat ramp. 0: No 1: Yes	
HAS_RAMP_PONTOON	Boolean	Indicates whether a pontoon is adjacent to the boat ramp. 0: No 1: Yes	
HAS_TOILET	Boolean	Indicates whether toilets are available at or near the boat ramp. 0: No 1: Yes	
HAS_WASTE_BIN	Boolean	Indicates whether waste bins are available at or near the boat ramp. 0: No 1: Yes	
IS_FEE_PAYABLE	Boolean	Indicates whether there is a fee payable to access the boat ramp. 0: No 1: Yes	
NUMBER_OF_RAMP_LANES	String	The number of ramp	

		lanes available at the boat ramp. A value of 'Informal' indicates that a dedicated boat ramp is not available.	
POSTCODE	Number	The postcode in which the boat ramp is located.	
STATE	String	The state in which the boat ramp is located. Although this dataset is for NSW, there are several boat ramps located along the NSW/VIC border which are technically located in VIC.	
STREET	String	The street address at which the boat ramp is located.	
SUBURB	String	The suburb in which the boat ramp is located.	
WATERWAY_ACCESS	String	A description of when users are permitted to use the boat ramp.	Refer to 3.3
WATERWAY_NAME	String	The name of the waterway in which the boat ramp is located.	

Dataset Domain Values
3.1 Condition

The last recorded condition of the boat ramp.

Code
GOOD
FAIR
POOR
UNKNOWN

3.2 Construction Material

The material in which the ramp has been constructed.

Code
Concrete
Unsealed
Sand
Bitumen
Timber
Aluminium
Asphalt
Not Provided

3.3 Waterway Access

A description of when users are permitted to use the form.

Code
All Times
Shallow At Times
High Tide Only
Mid to High Tide Only
Monday – Sunday: 7:00-20:30
Passive Craft Only
Daylight Hours Only
Emergency Only
High Dam Level
Low Dam Level
Unknown

4 API Sample Results

4.1 Example 1 - CSV Response Sample

Example 1: Return all the results of Boat ramps in nsw

Request.

```
SELECT *
FROM boat_ramps
```

Response

4.4   Example 4

Return all boat ramps and associated information within the Lake Macquarie waterway and export to a name CSV file.

Request

```
SELECT *
FROM boat_ramps
WHERE waterway_name = 'Lake Macquarie'
&format=CSV&filename=BoatRampsAlongLakeMacquarie
```
